

**FREE
TOOTHBRUSH
FOR EVERY
CHILD
SCREENED**

Dental Sealant Program

Has your child seen a dentist in the last 6 months?

- Prevent cavities with exams, sealants, and fluoride!
- At your child's school. No cost for services!*

Dental Services Available:

- Dental Screening, Fluoride Application, and Sealants!
- A written assessment of your child's oral health status and needs will be sent home following the screening.

Cost: There will be ***no cost*** to you!*

*If your child is insured, Community Health Care will bill their insurance. You will not be billed for services that are not covered. All services provided for free if your child has no dental coverage.

Looking for health insurance but don't know where to start?

- Call to schedule an appointment with an Insurance Navigator today by calling CHC at 253-722-2154
- Or call Washington Healthplanfinder 1-855-WAFINDER (1-855-923-4633) TTY/TTD 1-855-627-9604 Directly

Common Questions...

Do I need to be there? You are not required to attend; student will need a signed Permission Form sent in.

What if I don't want my child to receive some of these services? By signing the attached Parent Permission Form, you give consent for your child to receive **ALL** services including an **oral screening, fluoride application and sealant applications**.

I have other children who are not enrolled in school. Can they be seen? Not at the screening event, but we would be happy to see them at any of our dental clinics. Call (253) 722-2151 to schedule an appointment.

TO REGISTER YOUR CHILD:

Fill out a permission form and return it to their school.
